Information about the flower bead process and ordering

There are several things that you may question about the flower bead process and we hope to answer most of them here. The flower bead designs that you see are example pictures of our designs. Each order is custom and each item is unique. Caps, toggles, engravables, and chain will vary due to availability. We do honor your request if you have one for a specific component, however we reserve the right to build the order in the best quality that we can. All orders are done using your flowers that you send to us. Colors vary from order to order- (meaning that all color flowers do not always turn out exactly the same.) Order times usually run about 6 weeks from the time we receive your flowers. If you ship the flowers to us, please wrap them loosely in paper -NOT PLASTIC- and put in an envelope or box. Include your name, the address to ship back to, any phone numbers that we need to contact you (home, work, and cell) and an email address if available. When doing your order, you can list the name of the person that the item will be for and we will label that item to that person when sent to you. We can also bill orders separately if there are several people ordering from the same flowers, you will just need to include that information as well.

All designs are done in sterling silver, Swarovski crystals, and fresh water pearls. Engravables can be added to most any item, even if it is not shown. Engraving charges are added to the prices listed and usually run about \$2.50 for one letter, or \$6.00 for names, dates, and three initials. Please include the engraving information written out clearly when sending in your order (always carefully double check spellings and dates).

Please include lengths of all necklaces and bracelets on your order. Necklaces are usually 14" for children and 16", 18", 20", 24" or 30" for adults. (Prices vary for lengths) Bracelets are typically 5" or 6" for children, and 7", 7.5" or 8" for adults. The best way to know what to order is to measure the exact size of your wrist and add 1" to 1.5" to that.

All earrings can be made as hoops, fish hooks, lever backs, threaders, posts, or clips—prices vary.

Set up fees apply to all orders. Typical fees that you can expect are \$8.00 for one color and an additional dollar for each added color. We will contact you with a total and you can remit us a check and upon receipt we will ship to you, or we accept Visa, MasterCard, or Discover.

You can refer to the order page that you can print off and fill out if that is easier for you. Please feel free to contact us if you have any further questions. Thanks so much for your interest and we look forward for the opportunity to serve you.
